

## HOW MAY WE HELP YOU?

Bel Air High School Counselors work closely with students to develop competencies in the areas of educational, personal and vocational development. Through individual counseling, guidance seminars, and group presentations, counselors help students understand their learning strengths and weaknesses, select appropriate courses, plan for the transition to college and careers, and meet personal challenges in a mature, productive way.

## ***EDLINE INFO.***

### **How do I obtain my Edline activation code?**

You will need to visit the computer lab to pick up your activation code. See Mr. Cerveny.

### **I have more than one child in the same school. Must I have two separate accounts?**

No. You can combine both accounts. First, activate an account for one of your children. When you activate the account for your second child, choose "Combine Account" instead of "New Account." This will link both children to one account.

### **I have a child in a middle school and a child in a high school and both schools subscribe to Edline. Can I combine these accounts into one account?**

Yes. When you activate your second account, click on "Combine Accounts" and not "New Account". This will allow you to go back and forth from one child to another.

### **What happens if my child transfers from one high school to another high school in the county? Can I keep the same Edline account?**

No. Edline accounts are school specific. If your child is withdrawn from one school, his or her Edline account will be eliminated. You and your child will need to activate an account at the new school.

### **Can my spouse and I have a separate account to monitor our child?**

No. Edline creates only one parent account. Spouses will have to share the same screen & password.

### **My spouse and I do not reside in the same household. What can we do to obtain a separate Edline account?**

You will need to contact your school's administration. If the administration determines that separate accounts are necessary, this request will be forwarded to the Edline administrator in the building.

## ***STUDENT SERVICES***
